MEMORANDUM FOR: Assistant Chief of Staff, Intelligence,
Department of the Army, Washington 25, D. C.

ATTENTION: Alien Affairs Section

SUBJECT: Employment of "Lodge Act" Enlistees

1. We understand that a number of aliens known as "Lodge Act enlistees" who have foreign language skills and other professional qualifications might be available for assignment. From discussion with Lt. Col. M. C. Chandler and Mr. Richard Bauer of your staff, it appears that the Army is seeking optimum utilization for the benefit of the government.

2. There is a shortage of people with these special talents for the exploitation of foreign publications for US intelligence. In carrying out our responsibility under NSCID-2 and DCID-2/4 for providing a service of common concern to all the IAC agencies, we can profitably use approximately sixty-five of these people with the following tentative linguistic qualifications:

- 14 Russian
- 1 Lettish, or Estonian
- 15 Russian Scientific or Engineering
- 10 Czech
- 10 Hungarian
- 4 Polish
- 5 Rumanian
- 2 Serbo-Croatian
- 1 Albanian

3. We do not have a table of organization which will allow assignment of such personnel but we understand that they can be placed on extended temporary duty with us on a non-reimbursable basis while remaining assigned to their parent organization.

4. We will be glad to enter into further arrangements on details if the employment suggested above is agreeable to you.
